LIVESTOCK DRUG & HEALTH

1. The use of any illegal drugs is prohibited. Legal or illegal substances used to phenol typically alter the appearance of an animal entered in livestock events is prohibited (see rule #4). **Use of illegal drugs is considered a premeditated act!**
2. Any information obtained in the practice of illegal alteration of an animal will be turned over to the proper authorities for criminal prosecution. **THIS IS A ONE STRIKE AND YOU ARE OUT POLICY!** Exhibitor will forfeit any premium, awards, or auction proceeds, and will be prohibited from further competition at shows in the United States, as well as being subject to criminal prosecution if proven guilty.
3. Treating an animal internally or externally, with any irritant, counter-irritant, or other substance used to artificially change the conformation or appearance of an animal for show is considered unethical, inhumane, and is prohibited. This includes, but is not limited to the use of graphite, powders, hemp, artificial hair coloring, common products such as fly spray, ointment or liniment used to the point that it is irritating, (unless required to reduce edema at time of calving) or similar type products. The use of dyes, spray paint or other artificial coloring which result in altering an animal's true and natural appearance and/or color is prohibited. Adding false hair or hair-like material, fleece or skin at any point, spot or area of the animal's body is illegal and will result in immediate disqualification. Any liquid or substance not considered part of an accepted and normal diet for livestock is deemed illegal and inhumane. For example: the use of alcoholic or carbonated beverages as a drench or filler, etc.
4. The use of tranquilizers, sedatives, or depressants which alter the physical or physiological state of the animal is illegal. Exceptions to this rule would be a licensed, certified veterinarian's treatment for a recognized disease or injury, or recommendation for tranquilizing breeding animals in heat that might compromise the safety of others. The drugs must be approved by The Food and Drug Administration for use in meat producing animals. **All exhibitors shall advise show management of any drugs and/or medications administered to an animal that might be detected at the time of showing or at meat inspection.** The name of the drug, its purpose, the person who administered the drug, time and date of administration shall be presented to show management prior to the showing and sale of the animal. Failure to report this information to the show management will result in severe penalty and/or disqualification. **Any use of drugs or substances not approved by the Food and Drug Administration is strictly prohibited.** All animals entered into livestock competition shall be subject to testing for foreign substances that exceed acceptable levels established by the FDA, FSIS, USDA, or EPA. During the livestock events, in the case of animals requiring treatment, all medications shall be administered by a licensed veterinarian and the livestock superintendent shall be notified.
5. Surgery, injection or insertion of foreign material or air under the skin and/or into the flesh of an animal to change the natural contour, conformation or appearance of an animal's body is illegal. This includes vegetable oil, silicon or any other substance used to alter the shape of the animal. Acceptable practices of physical preparation which are allowed include, clipping of hair, trimming of hooves, de-horning, or removal of ancillary teats.
6. The balancing of the udder by abnormal means that includes the use of a mechanical contrivance or the injection of fluid or drugs, setting the teats and/or occluding (sealing the ends) with a mechanical contrivance or with the use of a chemical preparation is illegal. Treating or massaging

the udder or its attachments with an irritant or counter-irritant is prohibited

7. The Society reserves the right to require animal health certificates. Health inspections and diagnostic tests may be made before or after animals are on the livestock show premises for exhibitor and animal safety, or to regulate disease control procedures which may become necessary in emergencies as determined by animal health officials.

8. Any animal is subject to examination or tests to determine if a substance has been administered to alter its conformation and/or temper.

9. Exhibitors of all market animals must certify their compliance with manufacturer's pre-market withdrawal periods specified for any medication, drug, pesticide, or feed additives administered.

10. All tests will be conducted at the time of show.

11. "The Livestock Drug Testing Authorization" must be read and agreement implied and consented to at the time of entry into the fair.

CONDUCT

1. Exhibitors must fit, show and take care of their own animals at the fair.

2. Exhibitors are expected to feed, water, care for bedding, cleaning and groom their animals while at the fair or livestock show. (Individual consideration will be given in extenuating circumstances.) Adults will not be allowed to physically assist in the preparation of the animal while at the show. Verbal instruction will be allowed, **but no physical assistance is permitted**. Physical assistance may be rendered by other junior aged members in good standing in 4-H and FFA programs. Any violations of this rule may result in immediate disqualification from the show.

3. The use of inhumane fitting, showing and/or handling practices or devices shall not be tolerated. For example, breaking of tails, striking of the animal to cause swelling or for bracing purposes, use of an electrical contrivance, or use of overly severe bits is not acceptable.

4. Direct criticism or interference with the judge, show management, other exhibitors, breed representatives or show officials before, during, or after the competitive event is prohibited.

LIVESTOCK SALE

1. All exhibitors of livestock that will be sold at the Jr. Livestock Sale are required to help set up and tear down the Sale Arena as well as hand out refreshments to buyers during the sale. See times on the Set up schedule on Page 5.

2. At the time an animal is sold at the Jr. Livestock Sale, the exhibitor shall be held directly responsible for animals that are rejected at a processing center due to the presence of foreign residues. The seller may be liable to the buyer for an amount equal to three times the purchased price and may also be liable for attorney's fees and civil penalties. Show Management may share acceptable intelligence and evidence information with FDA and USDA. If for any reason, any part of a meat animal carcass must be removed by the FDA or USDA inspectors, the market price will be discounted.

3. Champion livestock must be sold at the Jr. Livestock Sale.

4. Animals not shown in a market class on show day cannot be sold in the sale unless approved by the Livestock Committee.

5. Those desiring not to sell must notify the superintendent in writing by the show conclusion of their judging day that they wish to withdraw from the sale. No animals may be withdrawn after this date and hour.

6. It shall be the responsibility of all project exhibitors to get their animals to the sale area.

7. All market livestock are to be shown and sold by the registered owner. Exceptions must be brought to Fair Board.

8. Exhibitors with animals properly consigned who later refuse to sell their animal will be prohibited from participation for the present and ensuing year's sale. Project awards and premium awards will also be forfeited.

9. Exhibitors may only sell their livestock by private treaty upon completion of the Jr. Livestock Sale on Thursday. Exhibitors selling or listing for sale prior to the completion of the livestock sale will be considered the same as members consigned and refusing to sell as far as the rules are concerned. Market animals excluded from the livestock sale are prohibited from soliciting and advertising their animals until the conclusion of the sale.

10. The exhibitors of the animals sold at the county fair will turn over to the Committee a percentage of the sale price (commission) of their animal or animals. The funds of the Committee thus collected will be used to pay for livestock sale expenses.

11. Any animal not placing Grand Champion or Reserve Champion of the entire show will be placed in the sale order according to the placing. The sale placing will be determined by the Livestock Committee.

12. Animals entered in market class will be weighed as they are unloaded. This will be their sale weight.

13. Animals sold at auction become the property of the buyer at the time the auctioneer recognizes the buyer and announcement of sale is made.

14. All re-sales become property of the Jr. Livestock Sale Committee to be resold for market. Proceeds will go to the Jr. Livestock Sale Fund unless otherwise specified and agreed upon by the Jr. Livestock Sale Committee.

No animal is to be sold through the 4-H Livestock Auction twice.

15. All sales are final.

16. Overweight hogs to be sold last in the sale order.

GRIEVANCES

Any violation of Livestock Rules and Regulations or specific rules as designated by The Society will result in forfeiture of premiums and awards, disqualification, and may result in probationary status and/or loss of eligibility for future participation in organized livestock competition. Possible civil penalties may be imposed by the proper authorities based on evidence provided by the livestock show of exhibitors in violation of the Federal Food, Drug and Cosmetic act/or the animal mistreatment, neglect, and abandonment laws that apply on the local, state, and national levels. The decision of the livestock show management will be final. Other cooperating shows, (The International Association of Fairs and Expositions, The American Livestock Show and Rodeo Managers Association, and Western Fairs Association) will be notified of the action taken by The Society which may affect the eligibility of the individual, group, or sponsoring organization for participation at other shows who are also members of these organizations.

By making entry in this livestock show or event you are verifying you have read Livestock Rules and Regulations and understand the consequences of and penalties involved for illegal, unethical, inhumane, and unfair practices of competition. You also verify that you and your family may be prohibited from future participation in organized fairs and livestock

shows in the United States, and could face possible criminal prosecution and/or civil penalties if implicated in any of the aforementioned acts.

turning in a Fair Horse Photo ID form. This form is available through Fair Web Site and Horse Leader's Assn. website. It must be turned in with an identifying photo of the project animal. All photos must be clear, bright enough, and show all distinctive markings. There should be no tack or rider in the photo, except for the halter and lead. No other photos will be accepted. Failure to register project animal by these guidelines will disqualify exhibitor from premiums and any championships.

July 1st - Deadline for exhibitors to sign-up for fair. All entries must be done online at

www.stclaircounty4hfair.org

B. NO LATE ENTRIES ACCEPTED AFTER DEADLINE.

C. All horse classes to be competed must be listed on this form including project record book. This document will be the final authority on class sign-up for exhibitors' judging, awards and premiums.

July Leader's Meeting - Project animals can be changed up to Horse Leaders meeting in July with a vet certificate and/or written letter from leader stating safety concerns. Horse Superintendents and Fair Board must approve these changes. No classes can be changed or added after July 1 sign up, unless approved by horse superintendents and reflect changes in project animal or safety concerns. Any exhibitor changing their project animal after May 1st is not eligible for championship classes or high-point awards.

Check-In: Horses may be checked in between 4:00 p.m. and 8:00 p.m. on Sunday before Fair. Horses must be unloaded in the parking lot, off the pavement, stop at picnic table under trees for inspection, then lead across the crosswalk, lead behind the red barn, and then up the hill to assigned barn. Original negative Coggins and helmets must be presented for inspection at this time. Once your helmet is inspected, the ID you will be given must be attached at all times to designate that your helmet has been inspected. Ponies and minis will be measured and tagged at designated time (promptly after check in has closed), in front of the Blue Horse Barn. Gymkhana only haul-in's: Check in Wednesday from 12-1 p.m. ONLY in designated area.
