

At the Fair

The fair will have lots of fun things for me to see and do. There will be lots of different people at the fair.

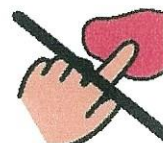

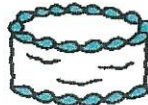

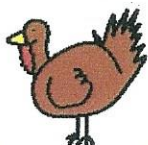

I can see horses, cows, pigs, llamas, sheep and goats on one side of the fair. These animals are all shown by kids from around the county. Sometimes the animals will be in their pen, other times the animals and their owners will be showing in a show ring.

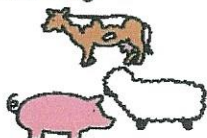

Sometimes the animals can make loud noises. I can plug my ears or wear headphones if this bothers me.

The animals don't like it if I run at them, or yell and scream. I need to be sure to use a quiet voice and walk slowly. If I pet an animal I need to be sure to wash my hands so I don't get sick.

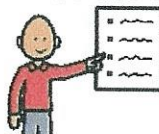

On the other side of the fair I can see rabbits, chickens, turkeys, ducks and other projects. These projects include cake decorating, posters, photography, crafts, arts and lots more. I need to keep my hands to myself when I am in this building.

I might be able to go in the petting farm. In the petting farm there will be lots of animals that I can look at, hold and pet. I will wash my hands when I am done with animals. There will also be some activities that I can do.

There will be tractors with wagons that I might be able to ride. There are also carnival rides that will be running.

I need to stay with _____ when they bring me to the fair. The fair will be a lot of fun, but I need to make sure that I stay safe and follow the rules.

Sensory Friendly Activities

1

make a craft

2

touch a chick

3

corn bin

4

tractor rides

5

archery

6

pet a bunny

7

face painting

8

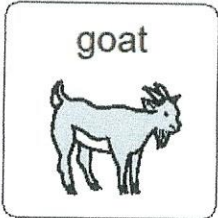

explore the fair
