3. Treating an animal internally or externally, with any irritant, counter-irritant, or other substance used to artificially change the conformation or appearance of an animal for show is considered unethical, inhumane, and is prohibited. This includes, but is not limited to the use of graphite, powders, hemp, artificial hair coloring, common products such as fly spray, ointment or liniment used to the point that it is irritating, (unless required to reduce edema at time of calving) or similar type products. The use of dyes, spray paint or other artificial coloring which result in altering an animal's true and natural appearance and/or color is prohibited. Adding false hair or hair-like material, fleece or skin at any point, spot or area of the animal's body is illegal and will result in immediate disqualification. Any liquid or substance not considered part of an accepted and normal diet for livestock is deemed illegal and inhumane. For example: the use of alcoholic or carbonated beverages as a drench or filler, etc.
4. The use of tranquilizers, sedatives, or depressants which alter the physical or physiological state of the animal is illegal. Exceptions to this rule would be a licensed, certified veterinarian's treatment for a recognized disease or injury, or recommendation for tranquilizing breeding animals in heat that might compromise the safety of others. The drugs must be approved by The Food and Drug Administration for use in meat producing animals. All exhibitors shall advise show management of any drugs and/or medications administered to an animal that might be detected at the time of showing or at meat inspection. The name of the drug, its purpose, the person who administered the drug, time and date of administration shall be presented to show management prior to the showing and sale of the animal. information to the show management will result in severe penalty and/or disqualification. Any use of drugs or substances not approved by the Food and Drug Administration is strictly prohibited. All animals entered into livestock competition shall be subject to testing for foreign substances that exceed acceptable levels established by the FDA, FSIS, USDA, or EPA. During the livestock events, in the case of animals requiring treatment, all medications shall be administered by a licensed veterinarian and the livestock superintendent shall be notified.

5. Surgery, injection or insertion of foreign material or air under the skin and/or into the flesh of an animal to change the natural contour, conformation or appearance of an animal's body is illegal. This includes vegetable oil, silicon or any other substance used to alter the shape of the animal. Acceptable practices of physical preparation which are allowed include, clipping of hair, trimming of hooves, de-horning, or removal of ancillary teats.

6. The balancing of the udder by abnormal means that includes the use of a mechanical contrivance or the injection of fluid or drugs, setting the teats and/or occluding (sealing the ends) with a mechanical contrivance or with the use of a chemical preparation is illegal. Treating or massaging the udder or its attachments with an irritant or counter-irritant is prohibited.

7. The Society reserves the right to require animal health certificates. Health inspections and diagnostic tests may be made before or after animals are on the livestock show premises for exhibitor and animal safety, or to regulate disease control procedures which may become necessary in emergencies as determined by animal health officials.

8. Any animal is subject to examination or tests to determine if a substance has been administered to alter its conformation and/or temper.

9. Exhibitors of all market animals must certify their compliance with manufacturer's pre-market withdrawal periods specified for any medication, drug, pesticide, or feed additives administered.

10. All tests will be conducted at the time of show.

11. "The Livestock Drug Testing Authorization" must be read and agreement implied and consented to at the time of entry into the fair.

Verbal instruction will be allowed, but no physical assistance is permitted. Physical assistance may be rendered by other junior aged members in good standing in 4-H and FFA programs. Any violations of this rule may result in immediate disqualification from the show.

3. The use of inhumane fitting, showing and/or handling practices or devices shall not be tolerated. For example, breaking of tails, striking of the animal to cause swelling or for bracing purposes, use of an electrical contrivance, or use of overly severe bits is not acceptable.

At the time an animal is sold at the Jr. Livestock Sale, the exhibitor shall be held directly responsible for animals that are rejected at a processing center due to the presence of foreign residues. The seller may be liable to the buyer for an amount equal to three times the purchased price and may also be liable for attorney's fees and civil penalties. 6. It shall be the responsibility of all project exhibitors to get their animals to the sale area.

7. All market livestock are to be shown and sold by the registered owner. Exceptions must be brought to Fair Board.

9. Exhibitors may only sell their livestock by private treaty upon completion of the Jr. Livestock Sale on Thursday. Exhibitors selling or listing for sale prior to the completion of the livestock sale will be considered the same as members consigned and refusing to sell as far as the rules are concerned. according to the placing. The sale placing will be determined by the Livestock Committee.

You will have to show in your age group for all classes.

a. Open to any age rider with horse/pony who is unable to lope/canter in a class situation.

b. The same guidelines apply to all walk/trot classes that apply to regular classes, except that, at no time shall a walk/trot rider canter or lope. Doing so could mean a disqualification from that class.

c. Any Walk/Trot class will be split if there are more than 15 entries. Any Walk/Trot class can be split, or combined, by the fair superintendent. Splits will be done by ages only.

d. If a rider chooses to enter ANY Walk/Trot class, that rider is no longer eligible, and CANNOT enter any class that requires three gaits. They MUST enter ONLY classes designated Walk/Trot and are not eligible for Championships.

e. Once an exhibitor wins the High Point walk/trot trophy, they are no longer eligible to win it again.

10. NOVICE CLASSES

a. The Novice classes are for exhibitors competing in their first or second year at the 3rd gait regardless of the

animal being shown. Exhibitors choosing to compete as “Novice” may not enter any class that is not designated as “Novice”.

b. Novice exhibitors are not eligible for any Championships.

c. Once an exhibitor has competed for 2 years in the Novice division, they must move up to their age group the following year.
