Division 2904 – Crop Science Projects

- Class 48** 20 mounted crops or weeds and their seeds ID'd
Class 49 Exhibit showing crops grown in MI & uses
Class 50 Educational exhibit of plant growth
Class 51 Educational exhibit*
Class 52 Ed. exhibit of weeds, insects or disease control
Class 53 Educational exhibit of chemical uses on crops
Class 54 Careers in Agriculture**
Class 55 Crop Exploration***

*Educational Exhibit showing marketing channels of a crop from producer to consumer

**Careers in Agriculture – Educational display on a career in this area of agriculture.

***Crop Exploration: Contact the farmer/producer prior to the date planting and share your desire to learn about the details involved in producing and marketing the crop and your plans to exhibit it at the fair. Be present in the field and view at least one field operation being performed. (Practice Farm Safety Rules if you are near equipment). Youth are allowed to exhibit up to two crops from the same producer. Record and bring to the fair the following information about the crop:

- Farmer's name and field location
- Soil type
- Tillage system
- Planting date
- Fertilizer program
- Soil test information if available
- Variety
- Weed control strategy/Insect Management/Disease Management

CROPS CONTINUED

- How will (or did) the crop get marketed or used
- Describe at least two pieces of equipment needed to produce the crop
- What is the projected or estimated cost of production, yield, gross income and net profit?
- Discuss why or why not you would like to raise this crop in the future.
